Resolution 90- 7

WHEREAS, the months of November and December, 1990 have been periods of unusually heavy rainfalls amounting to as much 4 to 6 inches in some areas;

AND WHEREAS, these unusual periods of percipitation have caused excessive strom water to flow into this District's mains causing a flow so large that the pipes could not deal with the volumes,

AND WHERE AS, in addition to vrey high storm flows, the water entering the mains has carried with gravel, silt and other debris whtch has seriously reduced the out flows from some manholes;

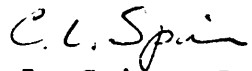

THEREFORE, it has been necessary to take some emergency measures to prevent backups and reduce them where they have occurred, thereby causing unusually high expenses for maintenance work;

THEREFORE, BE IT NOW RESOLVED, that the Dsstriot finds it necessary to transfer the sum of \$2,000 from its Capital fund to its Maintenance fund to pay these current expenses.

RESOLVED, this 11th day of December, 1990.
