

KITSAP COUNTY SEWER DISTRICT NO.7

RESOLUTION 96-1

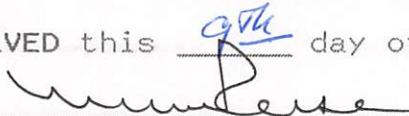

WHEREAS when the sewer treatment plant starts operation there will not be sufficient monthly service charge payers connected to support the costs of operations and maintenance, and;

WHEREAS it is necessary to continually operate and maintain the general facilities of the District (sewer treatment plant, pump station and outfall) if these facilities are to be available in the future, and;

WHEREAS it is necessary to have a method of obtaining additional revenue for these purposes;

THEREFORE the Board of Commissioners has determined that it will be necessary to levy a monthly service charge on those properties that have assigned and reserved sewer connections although these connections may not be in active use, and; failure to pay such charges for a period of time still to be determined by the Board will result in the loss of the assigned and/or reserved connection.

RESOLVED this 9th day of February, 1996.
