

KITSAP COUNTY SEWER DISTRICT NO. 7

RESOLUTION 96-3

WHEREAS, some property owners within the District have prepaid connection fees, and;

WHEREAS, the proceeds have been in the possession of the District for approximately 3 years, and have been available to the District to defray the costs of such expenses as purchase of the treatment plant site, preparation of the Comprehensive Plan and the EIS, and;

WHEREAS, had these funds not been available the District's alternative would have been to borrow them and the availability of these funds has allowed the District to avoid paying interest;

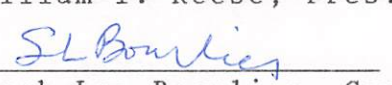

THEREFORE, in recognition of the cost savings to the District through the availability of these funds, the District will forego the charging of the \$20 per month maintenance and operation fee to be charged 'unconnected' properties with an 'assigned' connection for a period of up to one (1) year after sewer facilities become available at the location of these properties with prepaid connection fees although the property may not be connected.

BE IT SO RESOLVED, this 12 day of March, 1996.
