

**Kitsap County Sewer District #7  
Resolution #2003-1**

WHEREAS the City of Bainbridge Island (the "City") has adopted a Sewer Facilities Plan for the areas of the City adjoining the Kitsap County Sewer District #7 (the "District"), and

WHEREAS the District has an existing interlocal agreement with the City to provide service to the Lynwood Center area, and

WHEREAS the District is in the process of updating their Comprehensive Plan to respond to the additional needs identified in the City's sewer plan, and

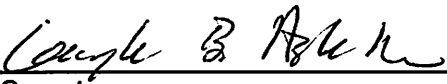

WHEREAS the District's updated plan will identify certain improvements to be made to the wastewater treatment plant and has estimated the costs of those improvements, and

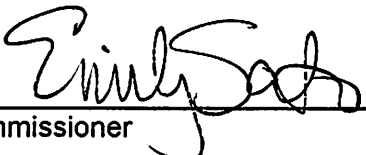

WHEREAS the District has followed the process in RCW 57.08.005 (10), which establishes a method of calculating a connection charge so that those connecting to the system will bear their equitable share of the cost of the system;

THEREFORE LET IT BE RESOLVED that the District will treat the wastewater from an additional up to 250 single family homes, including their accessory dwelling units, that are within the sewer service area of the City's South Island Sewer Facilities Plan, upon execution of an interlocal agreement with the City and receipt of a single payment of One Million Four Hundred Ninety-Seven Thousand, Seven Hundred Fifty Dollars (\$1,497,750.00) made in advance of any connection.

RESOLVED this 13th day of February, 2003.
