

Resolution 2010-3

*On the occasion of Commissioner Arthur Bartel's retirement
from the
Kitsap County Sewer District #7 Board of Commissioners*

Whereas, Arthur Bartel has selflessly, faithfully and tirelessly served our community as Commissioner of the Kitsap County Sewer District #7

Whereas, he took on this role (at the pleading of the Board of Commissioners) on the condition that he would only serve as Commissioner "temporarily"

Whereas, this "temporary" job has lasted far longer than he could ever have anticipated (and certainly much longer than he had hoped)

Whereas, in that role he has done whatever was necessary for our tiny district, serving as Tree Cutting Supervisor, Post Hole Digger, Finder of Excellent Rental Agency, Troubleshooter regarding Work with the Slater and the Painter, Community and Inter-Governmental Liaison, Community Pollster and much, much more

Whereas, he has never asked for nor accepted any compensation for his time, despite the fact that Washington State Law allows and recommends that Commissioners be paid for at least a portion of their time spent on District business

Whereas, he has asked tough questions, made difficult decisions, and spent countless volunteer hours to ensure that the ratepayers of Kitsap County Sewer District #7 are well served

Therefore, be it resolved

That the Kitsap County Sewer District #7 Board of Commissioners express their deepest respect and gratitude to retiring Commissioner Arthur Bartel.

Signed this 9th day of December, 2010
